

HOW TO USE THE OPTICS SITE

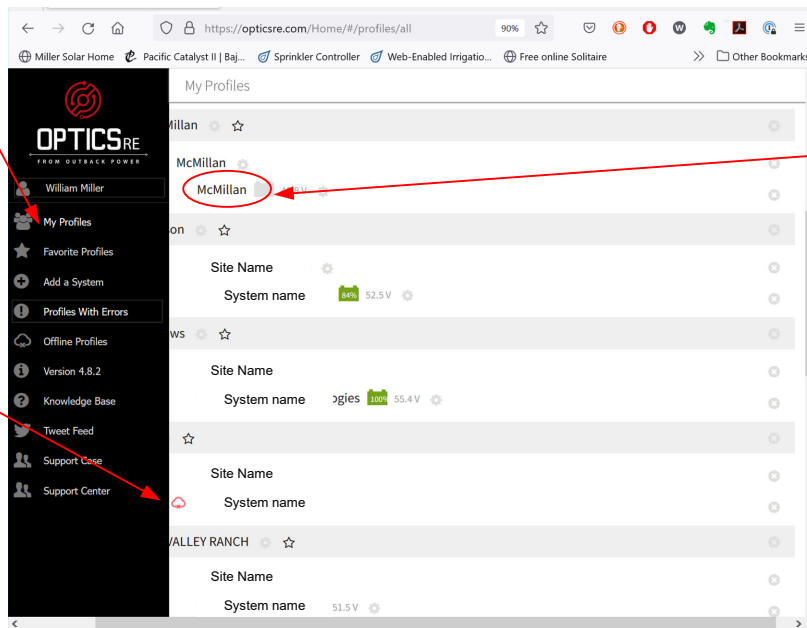

Follow the numbers

1. Log in at <https://opticsre.com/Home/#/sign-in>.

Username: _____

Password: _____

2. Put your mouse on this black bar. It will expand. Pick My Profiles.

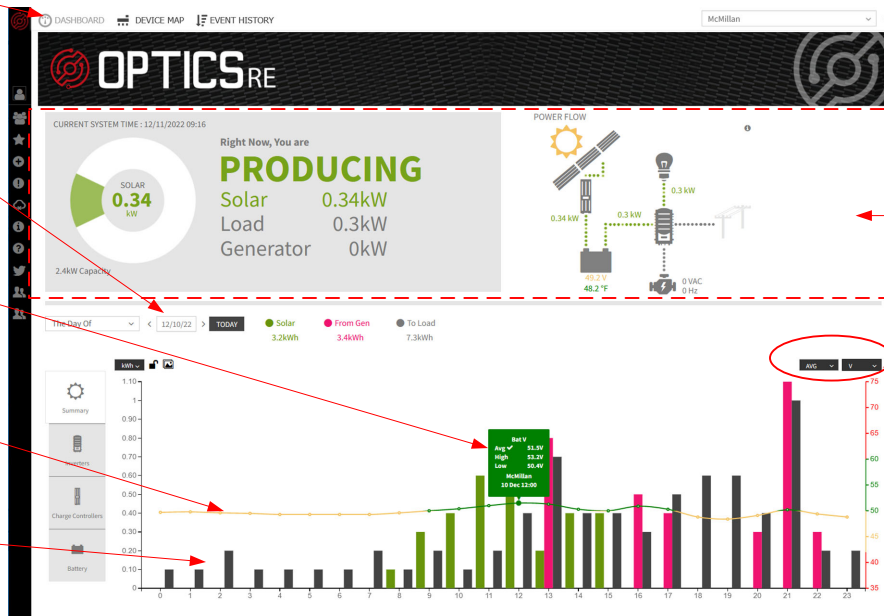

3. Pick your site from this screen by clicking on the indented entry:

4. If you see the red cloud your site is off-line. Contact Miller Solar.

This is the "Dashboard". Follow the numbers below to explore this screen.

The higher the number the lesser the importance to the user.

11. DASHBOARD gets you back to this screen.

9. Use these arrows to scroll back day-by-day.

10. Top section is the current status and power flow.

7. Hover your cursor over a dot to see details

5. Roll down these two selectors and pick AVG and V.

6. This line shows your battery voltage

8. These bars are hour-by-hour totals. The color key is above.
